CONTRACT PURSUANT TO RFP

SERIAL 05091-RFP

This Contract is entered into this 2nd day of November, 2005 by and between Maricopa County ("County"), a political subdivision of the State of Arizona, and Home Depot U.S.A., Inc., a Delaware corporation, and its affiliate, The Home Depot Supply, Inc., a Texas corporation (collectively, "Contractor") for the purchase of Maintenance, Repair and Operating (MRO) Supplies.

1.0 TERM

- 1.1 This Contract is for a term of three (3) years, beginning on the 1st day of December, 2005 and ending the 30th day of November, 2008.
- 1.2 The County may, at its option and with the agreement of the Contractor, extend the period of this Contract for additional one (1) year terms up to a maximum of three (3) additional terms. The County shall notify the Contractor in writing of its intent to extend the Contract period at least thirty (30) calendar days prior to the expiration of the original contract period, or any additional term thereafter.

2.0 PAYMENT

- 2.1 As consideration for performance of the duties described herein, County shall pay Contractor the sum stated in Final Pricing, attached hereto and incorporated herein as Exhibit "A." Payment shall be made as set forth in the RFP.
- 2.2 Payment under this Contract shall be made in the manner provided by law. Invoices shall be prepared and submitted in accordance with the instructions provided on the purchase order. Invoices shall contain the following information: purchase order number, item numbers, description of supplies and/or services, sizes quantities, unit prices, and extended totals and applicable sales/use tax. The County is not subject to excise tax.

3.0 DUTIES

- 3.1 The Contractor shall perform all duties stated in the Agreed Scope of Work, attached hereto and incorporated herein as Exhibit "B." Contractor shall perform services at the location(s) and time(s) stated in Exhibit "B," or in the purchase order requesting such services.
- 3.2 The Contractor shall assist Customers with account implementation procedures as described in Exhibit "C," attached hereto and incorporated herein.
- 3.3 The Home Depot Supply affiliate shall deliver all products ordered freight free with the exception of those identified on Exhibit "D," attached hereto and incorporated herein.

4.0 TERMS & CONDITIONS

4.1 INDEMNIFICATION AND INSURANCE:

4.1.1 **INDEMNIFICATION**

4.1.2 Indemnification.

To the fullest extent permitted by law, Contractor shall defend, indemnify, and hold harmless the County, its agents, representatives, officers, directors, officials, and employees from and against all claims, damages, losses and expenses, including but not limited to attorney fees and costs, to the extent an impartial arbiter, jointly agreed upon by both parties (e.g., judge, jury or arbitrator), finally determines that the claim resulted from the negligence or fault of the Contractor.

The amount and type of insurance coverage requirements set forth herein will in no way be construed as limiting the scope of the indemnity in this paragraph.

The scope of this indemnification does not extend to the sole negligence of **COUNTY**.

4.1.3 Insurance Requirements.

CONTRACTOR, at **CONTRACTOR'S** own expense, shall purchase and maintain the herein stipulated minimum insurance from a company or companies duly licensed by the State of Arizona and possessing a current A.M. Best, Inc. rating of B++6. In lieu of State of Arizona licensing, the stipulated insurance may be purchased from a company or companies which are authorized to do business in the State of Arizona, provided that said insurance companies meet the approval of **COUNTY**. The form of any insurance policies and forms must be acceptable to **COUNTY**.

All insurance required herein shall be maintained in full force and effect until all work or service required to be performed under the terms of the Contract is satisfactorily completed and formally accepted. Failure to do so may, at the sole discretion of **COUNTY**, constitute a material breach of this Contract.

CONTRACTOR'S insurance shall be primary insurance as respects **COUNTY**, and any insurance or self-insurance maintained by **COUNTY** shall not contribute to it.

Any failure to comply with the claim reporting provisions of the insurance policies or any breach of an insurance policy warranty shall not affect coverage afforded under the insurance policies to protect **COUNTY**.

The insurance policies may provide coverage, which contains deductibles or self-insured retentions. Such deductible and/or self-insured retentions shall not be applicable with respect to the coverage provided to **COUNTY** under such policies. **CONTRACTOR** shall be solely responsible for the deductible and/or self-insured retention and **COUNTY**, at its option, may require **CONTRACTOR** to secure payment of such deductibles or self-insured retentions by a surety bond or an irrevocable and unconditional letter of credit.

COUNTY reserves the right to request and to receive, within 10 working days, certified copies of any or all of the herein required insurance policies and/or endorsements. **COUNTY** shall not be obligated, however, to review such policies and/or endorsements or to advise **CONTRACTOR** of any deficiencies in such policies and endorsements, and such receipt shall not relieve **CONTRACTOR** from, or be deemed a waiver of **COUNTY'S** right to insist on strict fulfillment of **CONTRACTOR'S** obligations under this Contract.

The policies required hereunder, except Workers' Compensation, shall contain a waiver of transfer of rights of recovery (subrogation) against **COUNTY**, its agents, representatives, officers, directors, officials and employees for any claims arising out of **CONTRACTOR'S** work or service.

- 4.1.3.1 Commercial General Liability. **CONTRACTOR** shall maintain Commercial General Liability Insurance (CGL) and, if necessary, Commercial Umbrella Insurance with a limit of not less than \$1,000,000 for each occurrence with a \$2,000,000 Products/Completed Operations Aggregate and a \$2,000,000 General Aggregate Limit. The policy shall include coverage for bodily injury, broad form property damage, personal injury, products and completed operations and blanket contractual coverage including, but not limited to, the liability assumed under the indemnification provisions of this Contract which coverage will be at least as broad as Insurance Service Office, Inc. Policy Form CG 00 01 10 93 or any replacements thereof. There shall be no endorsement or modification of the CGL limiting the scope of coverage for liability arising from explosion, collapse, or underground property damage.

The policy shall contain a severability of interest provision, and shall not contain a sunset provision or commutation clause, or any provision which would serve to limit third party action over claims.

The CGL and the commercial umbrella coverage, if any, additional insured endorsement shall be at least as broad as the Insurance Service Office, Inc.'s Additional Insured, Form CG 20 10 10 01, and shall include coverage for **CONTRACTOR'S** operations and products.

- 4.1.3.2 Automobile Liability. **CONTRACTOR** shall maintain Automobile Liability Insurance and, if necessary, Commercial Umbrella Insurance with a combined single limit for bodily injury and property damage of no less than \$1,000,000, each occurrence, with respect to **CONTRACTOR'S** vehicles (including owned, hired, non-owned), assigned to or used in the performance of this Contract. If hazardous substances, materials, or wastes are to be transported, MCS 90 endorsement shall be included and \$5,000,000 per accident limits for bodily injury and property damage shall apply.

- 4.1.3.3 Workers' Compensation. **CONTRACTOR** shall carry Workers' Compensation insurance to cover obligations imposed by federal and state statutes having jurisdiction of **CONTRACTOR'S** employees engaged in the performance of the work or services, as well as Employer's Liability insurance of not less than \$100,000 for each accident, \$100,000 disease for each employee, and \$500,000 disease policy limit.

CONTRACTOR waives all rights against **COUNTY** and its agents, officers, directors and employees for recovery of damages to the extent these damages are covered by the Workers' Compensation and Employer's Liability or commercial umbrella liability insurance obtained by **CONTRACTOR** pursuant to this agreement.

In case any work is subcontracted, **CONTRACTOR** will require the Subcontractor to provide Workers' Compensation and Employer's Liability insurance to at least the same extent as required of **CONTRACTOR**.

4.1.4 Certificates of Insurance.

- 4.1.4.1 Prior to commencing work or services under this Contract, Contractor shall have insurance in effect as required by the Contract in the form provided by the County, issued by Contractor's insurer(s), as evidence that policies providing the required coverage, conditions and limits required by this Contract are in full

force and effect. Such certificates shall be made available to the County upon 48 hours notice. **BY SIGNING THE AGREEMENT PAGE THE CONTRACTOR AGREES TO THIS REQUIREMENT AND FAILURE TO MEET THIS REQUIREMENT WILL RESULT IN CANCELLATION OF CONTRACT.**

In the event any insurance policy(ies) required by this contract is(are) written on a "claims made" basis, coverage shall extend for two years past completion and acceptance of **CONTRACTOR'S** work or services and as evidenced by annual Certificates of Insurance.

If a policy does expire during the life of the Contract, a renewal certificate must be sent to **COUNTY** fifteen (15) days prior to the expiration date.

4.1.4.2 Cancellation and Expiration Notice.

Insurance required herein shall not be permitted to expire, be canceled, or materially changed without thirty (30) days prior written notice to the County.

4.1.5 Notwithstanding anything to the contrary contained herein, **CONTRACTOR** shall have the right to self-insure part or all of any of the insurance it is required to maintain hereunder in its sole discretion so long as **CONTRACTOR** maintains a net worth of not less than One Hundred Million (\$100,000,000) Dollars. Such net worth shall be documented to **COUNTY** and **COUNTY** shall be advised in writing in the event such net worth requirement is not met. In the event that **CONTRACTOR** elects to self-insure all or any part of any risk that would be insured under the policies and limits described herein, and an event occurs where insurance proceeds would have been available but for the election to self-insure, **CONTRACTOR** shall make funds available to the same extent that they would have been available had such insurance policy been carried, unless specifically provided to the contrary herein.

4.2 PROCUREMENT CARD ORDERING CAPABILITY:

It is the intent of Maricopa County to utilize a Procurement Card (MasterCard) that may be used by the County from time to time, to place and make payment for orders under the Contract.

4.3 INTERNET ORDERING CAPABILITY:

It is the intent of Maricopa County at its option to utilize the Internet to place orders under this Contract.

4.4 NOTICES:

For County:

Maricopa County
Department of Materials Management
Attn: Director of Purchasing
320 West Lincoln Street
Phoenix, Arizona 85003

For Contractor:

Home Depot U.S.A., Inc
ATTN: Government Solutions Group, Bldg. B-8
2455 Paces Ferry Road, N.W.
Atlanta, Georgia 30339

4.5 REQUIREMENTS CONTRACT:

Contractor signifies its understanding and agreement by signing this document, that this Contract is a requirements contract. This Contract does not guarantee any purchases will be made. Orders will only be placed when County identifies a need and issues a purchase order.

Contractor shall take no action under this Contract unless specifically requested by County, which shall submit a written purchase order to Contractor requesting that work be performed or product be delivered.

County reserves the right to cancel purchase orders within a reasonable period of time after issuance. Should a purchase order be canceled, the County agrees to reimburse the Contractor for actual and documented costs incurred by the Contractor pursuant to the purchase order. The County will not reimburse the Contractor for any costs incurred after receipt of cancellation, or for lost profits, or shipment of product or performance of services prior to issuance of a purchase order.

Contractor agrees to accept verbal cancellation of purchase orders.

4.6 TERMINATION:

County may unconditionally terminate this Contract for convenience by providing thirty (30) calendar days advance notice to the Contractor.

County may terminate this Contract if Contractor fails to pay any charge when due or fails to perform or observe any other material term or condition of the Contract, and such failure continues for more than ten (10) days after receipt of written notice of such failure from County, or if Contractor becomes insolvent or generally fails to pay its debts as they mature.

4.7 STATUTORY RIGHT OF CANCELLATION FOR CONFLICT OF INTEREST:

Notice is given that pursuant to A.R.S. § 38-511 the County may cancel this Contract without penalty or further obligation within three years after execution of the contract, if any person significantly involved in initiating, negotiating, securing, drafting or creating the contract on behalf of the County is at any time while the Contract or any extension of the Contract is in effect, an employee or agent of any other party to the Contract in any capacity or consultant to any other party of the Contract with respect to the subject matter of the Contract. Additionally, pursuant to A.R.S § 38-511 the County may recoup any fee or commission paid or due to any person significantly involved in initiating, negotiating, securing, drafting or creating the contract on behalf of the County from any other party to the contract arising as the result of the Contract.

4.8 OFFSET FOR DAMAGES;

In addition to all other remedies at law or equity, the County may offset from any money due to the Contractor any amounts Contractor owes to the County for damages resulting from breach or deficiencies in performance under this contract.

4.9 ADDITIONS/DELETIONS OF SERVICE:

The County reserves the right to add and/or delete products and/or services provided under this Contract. If a requirement is deleted, payment to the Contractor will be reduced proportionately to the amount of service reduced in accordance with the proposal price. If additional services and/or products are required from this Contract, prices for such additions will be negotiated between the Contractor and the County.

4.10 SUBCONTRACTING:

The Contractor may not assign this Contract or subcontract to another party for performance of the terms and conditions hereof without the written consent of the County, which shall not be

unreasonably withheld. All correspondence authorizing subcontracting must reference the Proposal Serial Number and identify the job project.

4.11 AMENDMENTS:

All amendments to this Contract must be in writing and signed by both parties.

4.12 RETENTION OF RECORDS:

The Contractor agrees to retain all financial books, records, and other documents directly related to this Contract for one (1) year after final payment. The County or State auditors and any other persons duly authorized by Maricopa County shall have full access to, and the right to examine, any and all said materials. Auditing rights shall only apply to Contractor's wholesale affiliate, namely, The Home Depot Supply, Inc., and not to The Home Depot stores ("orange box stores"), and will be specifically limited to the applicable sales transaction in question for the limited purpose of verifying any applicable discounts. Prior to any audit, the County or State auditors shall provide reasonable written notice to the Contractor, and include in the notice the specifics of the audit to be performed.

If the Contractor's books, records and other documents directly related to this Contract are not sufficient to support and document that requested services were provided, the Contractor shall reimburse Maricopa County for the services not so adequately supported and documented.

4.13 AUDIT DISALLOWANCES:

If at any time County determines that a cost for which payment has been made is a disallowed cost, such as overpayment, County shall notify the Contractor in writing of the disallowance. County shall also state the means of correction, which may be but shall not be limited to adjustment of any future claim submitted by the Contractor by the amount of the disallowance, or to require repayment of the disallowed amount by the Contractor.

4.14 VALIDITY:

The invalidity, in whole or in part, of any provision of the Contract shall not void or affect the validity of any other provision of this Contract.

4.15 RIGHTS IN DATA:

The County shall have the use of data and reports resulting from this Contract without additional cost or other restriction except as provided by law. Each party shall make commercially reasonable efforts to supply to the other party, upon written request, pertinent information that is relevant to a Contract and to the performance thereunder, unless the information contains trade secrets or is proprietary in nature.

4.16 INTEGRATION

This Contract represents the entire and integrated agreement between the parties and supersedes all prior negotiations, proposals, communications, understandings, representations, or agreements, whether oral or written, express or implied.

4.17 INTERGOVERNMENTAL COOPERATIVE PURCHASING AGREEMENTS (ICPA)

As a Maricopa County ICPA, this agreement allows other Public Agencies, with the approval of the Contract Contractors, to purchase their requirements under the terms and conditions of this Maricopa County Contract.

IN WITNESS WHEREOF, this Contract is executed on the date set forth above.

EXHIBIT B

AGREED SCOPE OF WORK MAINTENANCE, REPAIR AND OPERATING SUPPLIES

1.0 **INTENT:**

1.1 GENERAL INTENT

The intent of this Contract is to provide a source for retail and wholesale supply of general and specialty hardware, building and construction equipment and materials, building supplies, tools, and other related maintenance repair and operating (MRO) supplies. The Contractor shall have a strong national presence for a vast array of supplies and equipment necessary for the maintenance and repair of residential, commercial and industrial environments for use by various government agencies nationwide.

1.2 REQUIREMENT

County of Maricopa (herein "Lead Public Agency") on behalf of County of San Diego, the City of San Antonio, Hillsborough County School District and the U.S. Communities' Government Purchasing Alliance (GPA) (Refer Section 1.6), is soliciting Proposals from qualified companies to enter into a Master Agreement for a complete line of Maintenance, Repair and Operation supplies and related services (herein "Products"). ALL PRODUCTS OFFERED MUST BE NEW, UNUSED, LATEST DESIGN AND TECHNOLOGY AND MOST CURRENT PRODUCT LINES.

The Contractor(s) must deal directly with any government agency (herein "Participating Public Agency") concerning the placement of orders, issuance of the purchase order, contractual disputes, invoicing, and payment. The County of Maricopa is acting as "Contracting Agent" for the Participating Public Agencies and shall not be held liable for any costs, damages, etc. incurred by any other Participating Public Agency.

The subsequent contract shall be construed to be in accordance with and governed by the laws of the State in which the Participating Public (government) Agency exists. Each Participating Public (government) Agency enters in to a Master Intergovernmental Cooperative Purchasing Agreement (MICPA) that allows the Participating Public Agency to purchase products from the Contractor(s) in accordance with each Participating Public Agency's purchasing policy and procedures.

1.3 PARTICIPATING PUBLIC AGENCY MODEL

U.S. Communities has employed the Participating Public Agency Model very successfully with a variety of national suppliers, all of whom are listed at www.uscommunities.org. Fairfax County, Virginia, Miami-Dade County, FL, Wichita Public Schools, KS, Harford County Public Schools, MD, City of Charlotte/Mecklenburg County, NC and Los Angeles County, California, have served as Lead Public Agencies, signing Master Agreements. Participating Public Agencies “piggy back” on the competitively bid Master Agreement. Vendors comply with the state and local laws, rules and regulations in each state and locality where product is provided. Suppliers offer the Master Agreement as their primary contract with local government agencies nationwide. The program currently does business with over 8,000 Participating Public Agencies under the Master Agreements.

1.2 MARKETING SUPPORT & ADMINISTRATIVE FEES

U. S. Communities provides marketing support for Contractor’s products through its major national sponsors, the National League of Cities, the National Association of Counties (NACo), the National Institute of Governmental Purchasing (NIGP), the Association of School Business Officials International (ASBO) and the U.S. Conference of Mayors (USCM). In addition, the program is sponsored and marketed by a network of State Associations of Counties and Municipal Leagues. U.S.Communities and the sponsors provide administrative and marketing personnel, including regional managers that directly promote the U.S.Communities program and suppliers to Participating Public Agencies through personal meetings and calls, direct mail, national publications, annual meetings and a network of Local Government and State Associations. Participating Contractors are required to pay to U.S.Communities an administrative fee based on a specified percentage of purchases made. The administrative fee is distributed to the Program’s national and state sponsors (with a certain portion also payable to the Lead Agency) and is used to offset the costs of governance, lead agency costs, sponsor costs, and the marketing and administration of U.S.Communities. The successful contractor will be required to execute the U. S. Communities Administrative Agreement.

2.0 **SCOPE OF WORK:**

2.1 SUPPLIER COMMITMENTS TO U.S. COMMUNITIES

Each supplier is required to make three basic commitments to insure the overall success of the national program:

Corporate Commitment - A commitment that U.S. Communities has the support of senior management, and that U.S. Communities is the primary offering to local government agencies nationwide. The supplier shall make its existing local public agency clients aware of its U.S. Communities contract and upon the local public agency’s request; such agency will be transitioned to the supplier’s U.S. Communities contract;

Pricing Commitment - A commitment that U.S. Communities pricing is the lowest available pricing (net to buyer) to local agencies nationwide and a further commitment that, if a local agency is eligible for lower pricing through a federal, state, regional or local contract, the supplier will match the pricing under U.S. Communities.

Sales Commitment - A commitment that the supplier will aggressively market U.S. Communities nationwide and that the sales force will be trained, engaged and committed to offering U.S. Communities to local agencies nationwide with a further commitment that all U.S. Communities sales be accurately and timely reported to the U.S. Communities program office.

2.1.1 A national sales force adequate in size to meet the demands of a multitude of agency needs for the products listed herein.

The Home Depot Supply employs more than 200 associates as a business-to-business national sales force. We station them in every major metropolitan area in the USA. The Home Depot, on the other hand, operates primarily as a cash and carry retailer, and therefore relies on our hundreds of thousands of sales associates who staff our many retail stores to meet customers face-to-face and address their needs.

- 2.1.2 Ability to provide toll-free telephone access and accept facsimile, state of the art electronic and Internet ordering and payment.

2.1.3 A nationwide customer support system.

The Home Depot continually assesses our business to find opportunities to support our customers and increase the benefits of doing business with us. We have implemented or expanded a number of in-store initiatives in Home Depot stores and programs aimed at supporting store operations in the last year. Of special interest to the audience served by US Communities is our Professional Business Customer Initiative. We are committed to being the supplier of choice to a variety of professional customers, including carpenters, plumbers, painters, electricians, and building maintenance professionals. In the past year, we have continued to expand our "Pro" initiative, which adds service-related programs to our stores that are designed to meet the special needs of professional customers. Stores participating in the program have added associates at a sales desk dedicated to providing more personalized service to professional customers, including managing accounts and taking and filling orders for pick-up or delivery. Additionally, during the hours when professionals typically shop, these stores have assigned sales associates in certain departments to better assist these customers. We have also increased the available quantities and packaging of products on hand to serve professionals who typically purchase in bulk. Through this initiative, we have identified best practices in serving our professional customers that have been implemented in more than 1500 of our stores.

The Home Depot Supply has a nation-wide supply chain to support our customer base: three contact centers, twenty distribution centers and 200+ sales associates as well as a fleet of 200 trucks making deliveries across the United States.

Customers may order via our web site or by fax 24 hours a day 7 days per week. Will Call is available at our Distribution Centers; orders placed between 8:00 AM and 4:00 PM local time can be picked up at the DC one hour later.

At the time of this writing, the distribution centers are located in these cities:

<i>San Diego</i>	<i>Phoenix</i>	<i>Chicago</i>	<i>Miami</i>
<i>Los Angeles</i>	<i>Denver</i>	<i>Cleveland</i>	<i>Richmond</i>
<i>Fontana</i>	<i>Dallas</i>	<i>St. Louis</i>	<i>Baltimore</i>
<i>Sacramento</i>	<i>Houston</i>	<i>Atlanta</i>	<i>Boston</i>
<i>Seattle</i>	<i>San Antonio</i>	<i>Tampa</i>	<i>Philadelphia</i>

2.1.4 A single point of contact (National Account Manager/Program Manager) to interact with the U.S. Communities Program Staff.

2.1.4.1 RETAIL SALES:

Fax: (770) 384-4858

2.1.4.2 WHOLESALE SALES:

Education Specialist
THE HOME DEPOT SUPPLY
10641 Scripps Summit Court
San Diego, CA 92131

Office: (800) 431-3015 X2459
Pager: (800) 913-5228
Fax: (800) 352-5354

2.1.5 Other Services

Spanish Language Rotary: The Home Depot Supply has a dedicated 800# for our Spanish-speaking customers. Customers can call directly to this agent group or choose this rotary after dialing our main order phone number.

Customized Product Assistance (Special Orders): Our catalog is just the beginning of our product offering. Our Special Orders Team can track down just about any item a supplier of ours makes. With the product's identifying information and twenty-four hours (usually), our team of technical specialists can research the lines we carry and fax a quote with the price and delivery time. Special Order technical specialists can also quote volume discounts on bulk purchases. Think of them as being on your staff without being on your payroll.

Technical Support: The Home Depot Supply employs former trade professionals to assist our customers with product and/or installation questions. These professionals can assist with cross-referencing parts, product specifications and application solutions.

Bin Labels: THDS offers bin labels in English and Spanish. The labels include a picture of the product, a description, and space to add a minimum stock level and re-order quantity.

Streamlined Invoices: Upon request, we can send our customers a single invoice for products shipped from multiple locations. This service allows customers to reduce their paperwork and create efficiencies in the payables process.

Product Purchase Reports: THDS generates reports that allow customers to control procurement and eliminate duplicate purchasing. Our online product purchase reports allow customers to view their purchase history for up to 12 months. An example of this report is included as an exhibit.

General Ledger Coding: We can automatically align our products with each of our customer's General Ledger codes on every invoice. This service can save time when processing invoices for payment.

Renovations: Our free renovation service can help customers complete capital improvement projects on time and within budget. A Renovation Specialist can be assigned to your project to help with product specifications and deadlines, and can provide computer-aided design services, volume discounts, project organization, inventory management and budget control.

Personalized Credit Representative: Open term accounts are assigned a personal Credit Representative who can assist with any billing or credit issues.

Training: The Home Depot Supply customer training classes provide professional training for our customer's maintenance and management staff. We offer many free classes throughout the U.S. on a variety of topics to help customers run their business efficiently and effectively. These free full-day or half-day classes are taught by a team of professional trainers with backgrounds in property maintenance and management, as well as expertise in the HVAC, electrical and plumbing trades. All THDS classes are offered free of charge with the exception of the EPA exam. Classes are offered at our distribution centers across the country and a complete schedule can be found online at hdsupply.com. Examples of classes offered are:

- Air Conditioning Basics and Electrical Testing
- EPA Section 608
- Heating
- Safety on Site
- Locks and Re-Keying
- Maintenance for Managers

2.1.6 Describe your firm's ability to utilize electronic data interchange (EDI), on-line live-chat capabilities and Internet ordering, payment (MasterCard or Visa) and shipment tracing.

Describe the state of E-commerce within your firm and detail how it will benefit a Participating Public Agency.

The Home Depot Supply (THDS) currently facilitates EDI orders, updates, and invoices. Orders placed on THDS's web site receive two responses: an immediate "order confirmation" and a later "shipping confirmation" with relevant delivery information.

THDS does not provide online live chat. However, a team of Customer Services agents is dedicated to the support of all electronic ordering channels, including our own sites, partner sites, EDI, etc. This team is staffed from 7am-9pm Eastern.

Internet ordering is available via www.hdsupply.com. Customers may view items through a traditional online catalog or utilize our Virtual Catalog, which allows customers to view and search the printed catalog online. Additionally, we offer MyToolbox, an online Portal that allows customers to see account history and current activity, etc.

Payment methods accepted include the four major credit cards (MasterCard, Visa, American Express, and Discover) plus the Home Depot Credit Card. Regardless of bankcard presented, THDS supports Level III reporting for all customers who subscribe to that service with their issuing banks. In addition, THDS also does direct billing of accounts with open credit, and routinely accommodates EFT (Electronic Funds Transfer) and ACH (Automated Clearing House) payments.

Package tracking is available for all UPS orders. Tracking numbers are included in email confirmations after the order ships.

eBusiness is a significant factor in the service of all customer segments within THDS. The percentage of orders submitted via electronic channels has grown significantly every year since the launch of our first site in 1998. We are committed to improving our site and as part of that commitment will be launching a new site in late 2005 with significant enhancements to support customer needs, including bi-lingual (English and Spanish). We also have the ability to guarantee, within thirty days, electronic connectivity to us via EDI/XML for qualified customers hosting our catalog data or punching-out to a private site.

The eBusiness offering we have today and the enhanced offering we'll have in late 2005 will continue to remove costs from our customers' business by streamlining the procurement process.

The primary web site for The Home Depot is www.homedepot.com. Through it, we offer approximately 15,000 items that can be delivered by a parcel delivery service. Managing product selection and pricing nationally allows us to promote the same product and price to all visitors to our web sites and allows us to leverage on-line marketing channels that reach across markets.

In addition to products, the site offers information about our products and projects, calculators to estimate the amount and kinds of materials needed to complete a project, as well as information about our company (including store locations and hours of operation) and links to our other on-line businesses. As with our stores, the focus of our web site is on providing information and customer service. We believe our Internet site helps us to educate and build relationships with our customers, improve service, and make shopping more convenient.

The primary web site for The Home Depot Supply is www.hdsupply.com. We are proud to offer a "virtual" catalog, a presentation of each page of our print catalog in full color. One can search by part number, description, or page number; print the pages one uses most often; click on any item to view product details and then add to one's order. Round the clock, one can access one's online order history, save shopping lists for future reference, track the shipment of one's order, and download Material Safety Data Sheets (MSDS).

- 2.1.7 Describe the capacity of your company to meet Minority and Women Business Enterprises (MWBE) and other local purchasing preferences, which will vary among Participating Public Agencies.

We recognize that local purchasing preferences (MWBE, etc.) exist among the many public agencies that might chose to participate in a US Communities contract, and that this solicitation is silent with regard to compliance with those preferences that one might specify in advance. We will respectfully consider all local preferences that a participating public agency might wish to include in their own agreement with THD or THDS, and we will provide Tier 2 reporting in the aggregate of products that THD and THDS purchase for resale from manufacturers that identify themselves as minority, disadvantaged, or small. For large participating agencies that so request, we can provide Tier 2 reporting for their purchases from The Home Depot Supply.

- 2.1.8 Describe your company's internal management system for processing orders from point of customer contact through delivery and billing. Please state: 1.) If your Internet ordering system is OBI (open buying on the Internet) compatible; 2.) If you use a single system or platform for all phases of the ordering, processing, delivery and billing.

The company's internal management system for processing orders is detailed in Section 2.11 Just In Time (JIT) Delivery. To the description of that process should be added that our single, proprietary operating system fully integrates all other aspects of our operations, including invoicing, inventory management (purchasing and receiving), accounts payable and receivable, and general ledger.

- 2.1.9 Describe your firm's ability to report quarterly sales under this Agreement by the individual Participating Public Agency.

Bi-weekly for the past five years, in conformance with the requirements of a contract that The Home Depot and The Home Depot Supply hold jointly with the State of New York, we have collected the sales data requested, and reported it to our customer and to our internal management. The success of the process has always depended on accurately collecting in advance information about the bankcards that the customers use to make payment. By requiring participating public agencies to register their bankcards with us in advance, we can assure US Communities and ourselves that when we extract data from our sales journals we will find all the activity of bona fide users of the contract.

- 2.1.10 Describe your firm's ability to provide detailed management reporting by Participating Public Agency. Identify the level(s) (Agency, Division, Department, Individual) of reporting detail available in the following categories:

2.1.10.1 Sales dollars

2.1.10.2 Sales histories by manufacturer, item description, part number, quantity, NIGP codes

2.1.10.3 Procurement card (MasterCard or Visa brand)

2.1.10.4 On-time deliveries

2.1.10.5 Back Orders

The Home Depot Supply provides our customers all manner of reports from simple ones that are menu driven to fully customized versions. For one or more accounts during an unrestricted number of fiscal periods, it aggregates sales and summarizes purchases of individual sku's. Other information, such as NIGP codes, manner of payment, delivery on-time or backordered, is also some of the data recorded and archived about every transaction, and is available, generally without charge, on special request.

- 2.1.11 Please provide any suggested improvements and alternatives for doing business with your company that will make this arrangement more cost effective for your company and Participating Public Agencies.

Routinely expanding the product categories allowable under this solicitation to include MRO-related products distributed by our sister businesses now and as we acquire new ones could be of great benefit to participating public agencies. Allowing for the modification of this agreement to include product line expansion as Home Depot grows without the need to re-compete all possible additions would seem to offer all parties attractive efficiencies.

Today, The Home Depot Supply operates primarily through eight subsidiaries: 1) Apex Supply Company, Inc, 2) Your Other Warehouse, LLC, 3) The Home Depot Supply, Inc., 4) White Cap Industries, Inc., 5) HD Builder Solutions Group, Inc., 6) USA Blue Book, Inc., 7) Contractors' Warehouse, and 8) Crown Bolt, Inc. Apex Supply Company, The Home Depot Supply, and HD Builder Solutions Group conduct business under The Home Depot Supply brand, and HD Builders Solutions Group also conducts business under the Creative Touch Interiors brand.

Apex Supply Company is a wholesale supplier of plumbing, HVAC, appliances and other related professional products with 26 locations in Florida, Georgia, South Carolina and Tennessee.

Your Other Warehouse is a plumbing, lighting and hardware distributor that focuses on special order fulfillment through five distribution centers in Georgia, Louisiana, Maryland and Nevada and one contact center located in Louisiana.

White Cap distributes specialty hardware, tools and materials to construction contractors nationwide.

HD Builder Solutions Group provides products and arranges installation services for production builders through 27 locations in Arizona, California, Colorado, Delaware, Florida, Indiana, Kentucky, Maryland, Michigan, Nevada, New Jersey, New Mexico, Ohio, Pennsylvania, and Virginia.

USA BlueBook provides repair parts for water and wastewater operations in industrial, private, and governmental water treatment plants.

Contractors' Warehouse caters to remodelers.

Crown Bolt, Inc. is a national distributor of fasteners.

A further expansion of product categories that The Home Depot Supply could provide is found in our Hospitality Solutions catalog, produced separately from our MRO catalog. Using exactly the business model outlined for MRO products, THDS supplies all the products needed by people who clean and care for transient housing. Within the market served by US Communities, such facilities comprise dormitories, conference centers, group homes, correctional facilities, and so forth. The needs of these institutions are substantial, but US Communities can probably not justify the cost of preparing and evaluating a solicitation like this one just for them. Attaching the Hospitality Solutions catalog to an MRO contract is an inexpensive and practical alternative. For informational purposes only, a copy of our current Hospitality Solutions catalog is included with this proposal.

One other way to do business with us that many of our customers have found to be cost effective is through a remotely hosted, Internet-based, eProcurement and eMarketplace system. THDS and many of our customers have had good experiences with services like these; they require only a web browser to access, and can be implemented with little or no impact on IT resources. Companies that offer these services generally provide a dedicated Supplier Integration Services team that establishes and maintains relationships between buyers and sellers by providing some important tools and services: Integrated Financial Settlement Systems, Pre-Configured Management Analysis Reports, Administrative Self-Service Capabilities (approval rules, e-mail enabled workflow), Use of Online Procurement Cards, Budgetary Controls, Commodity Reporting, and Electronic Invoicing. We welcome all customers who elect to do business with us through these portals, and cooperate fully and quickly in establishing the links that make it possible.

2.2 THE HOME DEPOT SUPPLY (THDS) WHOLESALE DISTRIBUTION SYSTEM:

	(THDS) STORES	WHOLESALE WAREHOUSES	CITY
ARIZONA	1	1	Phoenix
CALIFORNIA	1	4	Fontana, Santa Fe Springs (LA Metro), Sacramento & San Diego
COLORADO	1	1	Englewood (Denver)

GEORGIA		1	Norcross
ILLINOIS		1	Northlake (Chicago)

MARYLAND		1	Elkridge (Baltimore)
MASSACHUSETTS		1	Norwood (Boston)
MISSOURI		1	Earth City (St. Louis)
NEW JERSEY		1	Opening up in August 2005 (near Philadelphia)
OHIO		1	Streetsboro (Cleveland)
TEXAS	1	3	Coppell (Dallas), Houston & San Antonio
VIRGINIA		1	Glen Allen (Richmond)
WASHINGTON		1	Kent (Seattle)
TOTALS:	4	20	

- 2.2.1 State the company's standard delivery time and any options and costs for expediting delivery and return policies.

From The Home Depot Supply, free next day delivery is available to more than 95% of the nation on most orders. It is possible for us to cover the cost of delivery where we do so either because we employ our own fleet of more than 200 local delivery trucks, or because our cost to use a parcel delivery service is predictable and fixed. Exceptions to The Home Depot Supply free freight policy are few. Generally, they are the heaviest items in our catalog (appliances, power washers, etc.), or they are products that are never stocked but always shipped directly from the manufacturer. A further exception addresses those few customers in our 2-day or 3-day shipping areas who can receive Priority Overnight service by asking for a freight quote. Orders received by 5:00 PM local time are usually delivered the next business day. In an effort to give buyers more control over the variable cost of delivery, we have included as part of our proposal a table of maximum freight charges based on shipment weight and distance from servicing distribution center to customer.

Some items are available for delivery only by The Home Depot Supply trucks to ensure that packages arrive undamaged. Some items, also, can only be delivered by LTL common carrier. All these items are clearly designated in our catalog as "+ FREIGHT." A table of maximum freight charges pertaining to those items is shown below. If desired, freight charges will be prepaid and added to the invoice.

(Refer to EXHIBIT D for a listing of those items incurring freight charges.)

FREIGHT COST TABLE

	MILES								
LBS	<100	150	200	250	300	350	400	450	500
<200	\$65	\$73	\$85	\$99	\$107	\$116	\$122	\$127	\$136

900	\$115	\$130	\$150	\$175	\$190	\$205	\$215	\$225	\$240
950	\$115	\$130	\$150	\$175	\$190	\$205	\$215	\$225	\$240
1000	\$115	\$130	\$150	\$175	\$190	\$205	\$215	\$225	\$240

THESE ARE ESTIMATES AND CAN FLUCTUATE DEPENDENT UPON FREIGHT TYPE AND CLASS

THE ABOVE ESTIMATES DO NOT INCLUDE ANY ACCESSORIAL CHARGES SUCH AS LIFT GATE AND INSIDE DELIVERY FEES
--

Extra charges may apply to shipments outside the continental U.S., but the Home Depot Supply does extend its mainland delivery policies to customers located on the island of Oahu, Hawaii. Most orders are delivered to Oahu freight free (excluding hazardous material and FOB items). Freight charges for the outer islands are calculated from Oahu to the final destination.

Customers in our 2 -day or 3-day shipping areas can receive Priority Overnight service by asking for a quote. Metropolitan areas surrounding our distribution centers receive freight free delivery on all items. We also have line-haul delivery service available to the metropolitan areas listed below.

STATE	DEDICATED DELIVERY MARKET	STATE	DEDICATED DELIVERY MARKET

2.2.2 Hours/days of operation

The Home Depot Supply staffs three, fully redundant contact centers in three different time zones, five days per week, Monday through Friday. They are physically situated in San Diego, CA; New Braunfels, TX; and Sterling, VA. Each provides back up to the others accepting overflow call volume as necessary to maintain satisfactory levels of service to in-calling customers.

Hours of Operation

• Pacific: 4AM - 6PM	• Mountain: 5AM - 7PM
• Central Time: 6AM - 8PM	• Eastern Time: 7AM - 9PM

We close to observe New Years Day, Memorial Day, Independence Day, Labor Day, Thanksgiving and the day after, and Christmas.

2.2.3 Order Shipment tracing

The Home Depot Supply has complete manifest information available for Customer Service Representatives to track orders. Most small parcel shipments can be traced on line, for example orders shipped via UPS or FedEx. THDS Customer Service Representatives can assist customers with shipment information regarding deliveries made by our fleet of trucks or LTL (Less Than Truckload) carriers. Orders placed on THDS web site will receive two confirmations; an “order confirmation” and a shipping confirmation with relevant delivery information. “Ship Complete” orders (all items must ship together) are managed daily to ensure that they are expedited as quickly as possible.

2.2.4 Links to shippers (USPS, FedEx, UPS, etc.)

Customers placing their order via our web site will receive a shipping confirmation with the appropriate tracking and carrier information. Shipping confirmations will have a “hot-link” which customers can click to get access to a shipper’s site. Customers can also access shipping sites via THDS web site using “hot-links”. Customer Service Representatives have contacts for carriers (either electronic or agent representatives) which they utilize to assist customers with delivery questions.

2.2.5 Tracking back orders

Back orders are active in our system for 30 days. Customers are notified at the time of the original order if an item needs to be back ordered. Back ordered products are also indicated on the packing list, which is shipped with the original order. The majority of back orders are fulfilled within the 30-day period.

2.2.6 Return Item process

The Home Depot Supply (THDS) has a hassle-free return policy. We accept returned product up to 90 days from the date of purchase. In keeping with industry practice, we do not accept returns of hazardous material, special orders (includes custom cut mini-blinds), gas powered engines, items for “warranty” (which are noted in our catalog), or items shipped outside the continental United States. Each shipment contains a packing list with a “returns section” on the back with simple instructions as well as a convenient Authorized Return Service (ARS) label for ease of return. Call Center agents are available to assist with any return question.

2.2.7 What is your firm’s in stock percentage, the percentage of the orders filled without backorders?

The Home Depot Supply has an industry leading, overall line item fill rate of 98.5%. To underscore our commitment to being a reliable source of supply for the products our professional customers use most often, we guarantee never to be out-of-stock on certain common items. If we are out-of-stock on an item that is noted with an “In Stock Guaranteed” symbol in our catalog, the customer ordering it may receive a credit of up to \$100 per item per 30-day period. Credit for out-of-stock items must be requested within 14 days of order purchase.

2.2.8 What is your firm’s backorder policy? Do you fill or kill order and require the Participating Public Agency to reorder if item is backordered?

If THDS does not have enough stock on hand to fulfill an order, customers are immediately notified at the point of sale. If a customer wishes to place product(s) on a back order, our system will automatically ship the product once we receive stock. Back orders automatically expire after 30 days. Most back orders are fulfilled within the 30-day period.

2.2.9 Does your firm sell products that are not generally available to the public (i.e., appliance parts, industrial products, architectural hardware, commercial tools, etc.)?

The Home Depot Supply restricts the sale of some products to licensed buyers only. Some manufacturers, especially of HVAC parts and equipment, require that we sell some of their products only to licensed professionals, in accordance with laws in different jurisdictions. In other examples, some manufacturers exercise control over their channels of distribution by allowing their products to be resold through wholesale distribution only, and not through retail to the general public.

2.3 THE HOME DEPOT RETAIL OUTLETS (09/01/2005):

2.3.1 Retail sales at the local store may be placed as:

- (A) Will call (phone or fax order)
- (B) Point of sale (POS)

2.3.2 Identify the delivery interval after receipt of order (ARO) for locally delivered products.

For The Home Depot, local delivery is available from only some stores. The Home Depot business model is predicated on the assumption that most customers will take their purchases with them. Delivery, if requested, is treated as an extra service, the cost of which should be borne by the customer requesting it, and not by the public at large. Therefore, the cost of delivery is not "built into" our product selling prices. The Home Depot typically contracts for delivery for those customers who request it.

Orders for products delivered from the retail stores cannot be placed through the Internet. Orders placed through the Internet at www.homedepot.com or at <http://www.contractorservices.homedepot.com> are fulfilled from distribution centers, not from retail stores.

2.3.3 Provide your retail outlet hours of operation.

The hours of operation of our more than 1800 retail stores vary seasonally. A phone call to one's local store is recommended. The location and phone number of the nearest store can be found at www.homedepot.com.

2.4 PRODUCTS:

2.4.1 THE PRIMARY OBJECTIVE IS FOR EACH VENDOR TO PROVIDE ITS ENTIRE CATALOG OF PRODUCT SO THAT PARTICIPATING PUBLIC AGENCIES MAY ORDER A BROAD RANGE OF PRODUCT AS APPROPRIATE FOR THEIR NEEDS

2.4.2 Explain any additional pricing incentives that may be available such as large volume purchases.

Customers are encouraged to request special pricing on large orders where the cost per line item is likely to exceed \$1000. When manufacturers reduce our costs for such special orders, we pass those savings through to our customers. Quoting large orders is a function of THDS Special Orders Department.

2.5 CUSTOMER SUPPORT SERVICES:

2.5.1 Explain your firm's policy regarding:

(A) Quality Assurance

As distributors of products manufactured by others, The Home Depot and The Home Depot Supply formally delegate quality assurance responsibilities to our suppliers through our Vendor Buying Agreements. VBA's are reviewed annually and vendors are held responsible for assuring us that their products conform to all applicable industry standards, meeting or exceeding them in verifiable tests. We require that manufacturers warrant their products when appropriate, and we assist our customers in exercising their rights under those warranties if they should need to.

(B) Factory Drop-Ship

The Home Depot Supply offers certain products (clearly marked in our catalog) that we ship directly from the manufacturer or vendor. Also, large quantity special orders of merchandise not routinely stocked can be priced advantageously if the customer can accommodate shipment directly from the manufacturer.

(C) Auditing outbound orders for completeness and proper packaging

For quality assurance purposes in our distribution centers, orders are picked and packed by different associates. Auditing of orders includes checking for correct parts and quantities as well as ensuring appropriate packaging is utilized.

(D) Return/Replacement policy (Damaged or defective goods)

THDS honors the Hassle-Free Return Policy that accepts product back up to 90 days from the date of purchase unless the product is hazardous material, is a special order, has a gas powered engine, is designated as "warranty" or is shipped outside the continental United States.

- *The customer should acknowledge damaged items or packaging on the packing slip at the time of delivery.*
- *Visible or concealed damage or shortages should be reported within 3 days of delivery.*
- *Items with concealed damage should remain in original shipping carton and be identified by customer number and invoice number.*
- *The customer should acknowledge item shortages on the packing slip at the time of delivery.*
- *Unused items should include a completed "returns": portion of the packing slip and be returned in the original packaging to a HDS or UPS driver.*
- *Unused items shipped by common carrier (LTL) must first be call into Customer Service before returning.*
- *Return freight charges may apply to the return.*
- *A credit for returned merchandise is initiated by the distribution center that receives it as soon as it is received.*

(E) Restocking charges

Most returns do not have an associated restocking fee. There may be instances when a restocking fee is applicable to a return, but customers will be notified at the time of purchase. For example, the purchase of a non-stock item, which includes a return fee from the manufacturer. Restocking fees are usually a minimum of 10% of the order total.

(F) Minimum order requirement

None.

(G) After hours service (including weekends and holidays)

Internet and fax service is available 7/24.

(H) Special Orders

Detail the sub-contracting process (ordering, shipment, invoicing) for those products not carried in your firm's warehouse distribution center. The process shall be transparent to the Participating Public Agencies.

A team of technical specialists does the research to find a manufacturer who makes what the customer needs, and then faxes a quote showing the costs of the item and its delivery time.

An important service we offer our customers is access to all the goods manufactured by our hundreds of suppliers, not just the small portion of their total line that is frequently demanded and that we stock for immediate delivery. Our Special Orders department processes requests for these goods. As part of their preparation of a quote, our associates choose either to bring the merchandise into our distribution center and then reship it to the customer, or drop ship it directly from the manufacturer to the customer. In both cases, the customer views us as the merchant of record, placing their purchase order with us and paying the invoice from us. The customer does not see, and is not involved in any way in the transaction with the manufacturer.

(I) Hazardous material shipments

Our policy with regard to hazardous material shipments, as stated in The Home Depot Code of Conduct and Ethics, is to comply with all applicable laws and regulations. To ensure compliance, training and testing are conducted at all THDS shipping points by the THDS Safety Department. Associates who are involved with the shipping of hazardous materials must be familiar with the requirements for safe handling, and must complete the required hazardous materials transportation training. To quote from The Home Depot Safety Policy manual:

"The Home Depot complies with all federal, state, and local laws and regulations that apply to the handling and transportation of hazardous materials. We are especially mindful of the environmental significance of 'hazardous materials,' which can include commonly used items such as bleach or paint. We take the following actions to ensure that hazardous materials are properly managed in our operations:

- We inform associates about hazardous materials in the workplace as required by federal and state law.*
- We instruct associates on proper procedures for handling, transporting and disposing of hazardous materials.*
- We have written response protocols for handling emergencies involving hazardous materials in the workplace.*
- We maintain a 24-hour hotline for assisting associate with spills, exposure, or other emergencies involving hazardous materials.*

(J) After sale services issues

THDS has a dedicated group of service specialists with over 30 years of MRO experience ready to assist with any questions or concerns. The Customer Advocate Team has been the "Voice of Our Customer since 1996. They have their own unique 800 # (1-800-644-3006) and e-mail address: advocate@hdsupply. The

Home Depot Supply is the only company in the maintenance supply industry with a dedicated team of professionals whose only focus is to assist customers.

2.6 JUST-IN-TIME (JIT) DELIVERY

Described how commodity orders are processed and moved to arrive "Just-In-Time" for the Participating Public Agency placing an order. Maricopa County defines JIT as receipt within twenty-four (24) hours after receipt of order (ARO) for in-state delivery.

Several features of the THDS distribution system interrelate efficiently to permit the company to routinely deliver merchandise to 95% of the nation 24 hours ARO or sooner. First, the customer service center, where all customer orders are received, is in constant, real-time communication with the network of distribution centers, so that when a customer calls in an order, a pick-slip prints in the distribution center that serves that customer's zip code moments after the call is ended. Second, the pick-slip prints the items to be picked in a sequence that minimizes the steps required of the associate who assembles the order. Our proprietary operating system knows not only what items are in stock but where every item is, having assigned a storage location to it as it was received. Thus, picking algorithms programmed into the operating system can maximize labor efficiency with the result being that 100% of all orders that can be picked are shipped the day they are received. Third, shipped products travel throughout the night, if necessary, to get them to the center of a metropolitan area from which local trucks can deliver them the next day. The process is simple and extremely well understood by professional distribution managers. What distinguishes THDS from our competitors is our attention to detail. We strive to be "process perfect", doing everything right the first time with the least possible effort. Our productivity, defined as our annual revenue divided by our FTE count, is a matter of great pride to us, and is the envy of all our competitors. Put simply, it is our productivity that separates us from our competitors, and enables us to be of such great value to our customers.

2.7 DELIVERY AND FREIGHT REQUIREMENTS:

- 2.7.1 All domestic shipments shall be FOB Origin, Freight Prepaid and Included.
- 2.7.2 The Contractor shall retain control for carrier selection and payment of freight charges of all goods until received by the requesting Participating Public Agency and the contract coverage completed. The Contractor shall also file all claims for visible or concealed damage. The Participating Public Agency will notify the Contractor of any damaged goods and shall assist the Contractor in arranging for inspection of the goods.
- 2.7.3 Handling fees, if any, shall be included in the wholesale pricing.
- 2.7.4 EXHIBIT D identifies items incurring shipping charges (Refer §2.2.1) for domestic delivery.
- 2.7.5 Shipping and handling fees are allowable to areas outside the continental U.S.

EXHIBIT C

ACCOUNT IMPLEMENTATION PROCEDURES

It is The Home Depot's intention to utilize the US Communities website to provide Public Participating Agencies with information requirements for recognizing them as valid users of the US Communities contract. On the website, Home Depot will describe three options for payment, and allow applicants to choose the option that best meets their needs.

Option A - Customer pays for all purchases with a bankcard.

Option B - Customer pays for all purchases with a THDS prox account.

Option C - Customer pays for purchases in the stores with their bankcard, but wants THDS to accept purchase orders and send invoices.

If the customer chooses Option A, the Account Services representative at THDS will open a customer file that is linked to this contract and call the customer to get bankcard number(s) the customer intends to use. That data will be retained in a field reserved for it. Once the bankcard number is entered, all the customer's future purchases with that bankcard either in the stores or at THDS will be captured and linked to the contract for reporting.

If the customer chooses Option B, the Account Services representative at THDS will open a customer file that is linked to this contract and will inform Citibank of the customer's request for credit. Citibank will evaluate the request and (if the agency is credit worthy) open a numbered prox account. Citibank will provide that account number to THDS Account Services, who will include it in the field reserved for it. The customer will be notified that the prox account is ready to use by the THDS Account Services representative who will also make sure the customer knows how to use it in conjunction with the agency's purchase orders. This is a vitally important step in quality control and cannot be taken casually. It will occur between a purchasing professional on the customer's side and a credit administration professional on the seller's side. It will be our responsibility, before divulging the account number, to ensure that the customer's representative fully understands how to instruct their trades people who use the account in the stores to carefully adhere to the administrative details that will ensure prompt payment of all invoices. All future uses of the prox account both at the stores or at THDS will be captured and linked to the contract for reporting.

If the customer chooses Option C, the THDS Account Services representative will also obtain a completed commercial account application and code the customer's file to accept purchase orders and send invoices. All future uses of the bankcard at the stores or the open credit account with THDS will be captured and linked to the contract for reporting.
